

Stop Fast Track and Promote Fair Trade Policy!

Dear Congressman _____,

I am a member of _____ and I oppose the renewal of Fast Track legislation. Fast Track has only resulted in disastrous trade deals like NAFTA and the WTO, which have:

- Off-shored millions of good jobs & destroyed family farms
- Threatened our environmental and public health laws
- Hindered people suffering from AIDS from getting essential medicines
- Increased poverty in developing countries

I support fair trade policy and want you to oppose Fast Track renewal. There is no reason to give Bush a Fast Track to more flawed “free trade” deals!

Signed,

Stop Fast Track and Promote Fair Trade Policy!
